Welcome Message From The Organising Chairman and President of CoR

Dear Colleagues and Friends,

2020 has turned out to be a challenging year filled with unprecedented events due to the COVID-19 outbreak which has affected the health of so many lives and wrecked economic disruptions all over the world.

A lot of effort and work had gone into the planning of the AOCR 2020 Congress in Malaysia which would have taken place from the 23rd to 26th July 2020. I would like to thank my organising committee, speakers, abstract submitters, sponsors that have committed and the congress secretariat for all the effort put in which unfortunately because of the pandemic, it had to be postponed to the new dates 1st to 4th July 2021.

With all the challenges this pandemic has raised, we, the organising committee are re-starting the planning process once again. Old ways to presenting and running congresses have to change. We asked ourselves the question of "How do we deliver the best experience which still allows our participants to have the updates they require to provide the best diagnostic and therapeutic care?"

After intense discussion and brainstorming sessions, our decision is to convert the 19th AOCR Congress into a hybrid congress. This ensures the safety of our participants while allowing virtual participants to experience first row seats in the comfort of their homes or workplaces.

There will be live sessions where participants will enjoy real-time interactions with world experts. We will also create On-Demand sessions and post-congress recorded sessions and make these lectures available for 1 year. This will support our underlying goal which is to make available easy access to knowledge.

I would like to thank all the 969 abstracts from 36 different countries which we have received in 2020 and who would like to continue on for the 19th AOCR Congress in 2021. We have also re-opened our abstract submissions and I encourage everyone to continue to submit abstracts until the closing date which is 31st January 2021. The BEST 500 abstracts will be published in the Korean Journal of Radiology (KJR) Supplementary Issue (ISI Journal, JCR Impact Factor 3.73). We also have the 100 Youth Education Scholarships available and the YES comes with free registration for the 19th AOCR Malaysia Congress in 2021. Your presentations and final work will be featured On-Demand in the congress and made available for 1 year. More details are in the congress website.

We believe the 19th AOCR Congress will be a critical turning point for future congresses in imaging. This challenging time we are facing now gives us opportunities to adapt and rise to the occasion.

Malaysia was ready to welcome all of you in 2020 to our wonderful country and experience our culture and cuisine. Now that we have postponed to early July 2021, I hope that by June 2021, travel will be permitted between some of our countries and we will be able to welcome some of our international colleagues onsite. If that is not possible, we plan to feature some of Malaysia in our hybrid congress and hope it will entice some of our international participants to put Malaysia in your bucket list for when travel begins again.

Until we meet again, I wish everyone good health and stay safe.

Professor Dr Norlisah Mohd Ramli

AOSR President's Message

Dear Friends,

I am delighted to welcome you to the 19th Asian Oceanian Congress of Radiology (AOCR) Scientific Meeting that will be held in the vibrant city of Kuala Lumpur, Malaysia at the state of the art Kuala Lumpur Convention Centre from 1st to 4th July 2021.

The theme of the congress is **“From Pixel to Clarity”** and we have amongst us eminent speakers, leaders and representatives from various organizations not only from the Asia Oceanian region but also from around the world.

The First Asian-Oceania Congress was held in Melbourne in 1971 and the Congress has grown over the decades to be a prime scientific meeting in this region.

The Organising Committee has left no stone unturned to ensure that the scientific program is of the highest standard, covering topics from practical applications to cutting edge research and innovations. I am confident that this conference will provide a platform for sharing knowledge, ideas and views on safe and sound practice of radiology in the 21st century and challenge all delegates, in particular the heads of institutions and other leaders in the profession to take home some key messages and implement them at their respective work place.

This is also a great opportunity to network and establish professional contacts and consider setting up international projects and research. In an increasingly globalised world, there is a growing need to pool resources and work collaboratively.

I hope you will not only make the most of the conference but also have some time to explore the city and its culinary experiences.

Assoc Prof Dr Dinesh Varma, FRANZCR

President - The Asian Oceanian Society of Radiology (AOSR)

About AOSR

AOSR represents over 40,300 Radiologists. The first meeting of Asian and Oceanian Regional Radiologists was held in Japan on 11 October 1969, and it was here that the formation of the Asian Oceanian Society of Radiology (AOSR) begun.

Today it is made up of 26 member societies comprising of:-

- Royal Australian & New Zealand College of Radiologists (RANZCR)
- Bangladesh Society of Radiology and Imaging
- Chinese Society of Radiology (CSR)
- The Radiological Society of the Republic of China (RSROC)
- College of Radiology, Academy of Medicine of Malaysia (CoR)
- Fiji Radiology
- Hong Kong College of Radiologists (HKCR)
- Indian Radiological and Imaging Association (IRIA)
- Indonesian Radiological Society
- Japan Radiological Society (JRS)
- Radiological Society of Kazakhstan (RSK)
- Korean Society of Radiology (KSR)
- Macau Radiology Association
- Mongolian Radiological Society
- Myanmar Radiological Society
- Nepal Radiologists Association
- Philippine College of Radiology
- Radiological Society of Pakistan
- Radiologist Ministry of Health Tonga
- Radiological Society of Thailand (RST)
- Radiology Society of the Emirates
- Samoa Society of Radiology
- Singapore Radiological Society
- Sri Lanka College of Radiologists
- Uzbekistan Radiology Society
- Vietnam Society of Radiology and Nuclear Medicine (VSRNM)

AOSR Executive Council

CALL FOR ABSTRACTS

KJR

Top 500 Abstracts will be published in the Korean Journal of Radiology (ISI Journal, JCR Impact Factor 3.73) supplementary issue.

ABSTRACT SUBMISSION DEADLINE: 31st JANUARY 2021

The scientific committee welcomes the submission of scientific abstracts. Authors are invited to submit abstracts in the following areas of interest:

- a. Abdomen Imaging
- b. Breast Imaging
- c. Chest Imaging
- d. Cardiac Imaging
- e. Emergency
- f. Forensics
- g. Head & Neck Imaging
- h. Informatics
- i. Interventional Radiology
- j. Molecular Imaging / Nuclear Medicine
- k. Medical Physics
- l. Musculoskeletal
- m. Neuroradiology
- n. Paediatrics Radiology

All abstracts are to be submitted online. Final forms of presentation can be in any of the following format:-

- a. Oral presentation
- b. E-Poster presentation

There is no limit to the number of abstracts you may submit, but you should not submit on the same study / data set to be presented in more than one format.

All abstracts are to be reviewed by the Scientific Committee. The committee reserves the right to decide on the final form of presentation.

The presenting author of successful abstracts must complete his/her registration for the congress as a delegate before the **15th April 2021** and present his/her work during the congress.

Abstract Guidelines:

1. Abstract must be submitted in English.
2. Please specify the abstract title.
3. The title must be in capital letters and is limited to a maximum of 640 characters.
4. Please provide the details of the co-authors (names, affiliations). Ensure that all author information is included and entered correctly.
5. Please provide the abstract body text. The abstract body is limited to a maximum of 250 words which is approximately 1600 characters.
6. The body must be divided into each section related to types of abstracts according to the table below.

Format of content to follow :-

Studies / Research	Case Report	Education Exhibit
Objective	Introduction	Learning Objective
Materials & Methods	Not Applicable	Background
Results	Report	Findings and/or Procedure Details
Conclusion	Conclusion	Conclusion

7. The Objective and Conclusion need to be consistent with those in the main text and should use the same wording. The Results should present the main outcomes of the study using specific numerical data (e.g., absolute numbers and/or rates) with appropriate indicators of statistical uncertainty, such as 95% confidence intervals or p values. P values should never be presented alone without the actual data that are being compared. Do not use reference citations in the abstract. Abbreviations should be minimized and, if used, must be defined within the abstract by full terminology followed by abbreviation in parenthesis.

► Call For Abstracts

8. For medical terms such as proper nouns, generic names of medicines, and units of measurement, use the original term. The use of acronyms and abbreviations is discouraged and should be kept to a minimum. When used, they are to be defined where first used, followed by the acronym or abbreviation in parentheses. Measurements and laboratory values should be in accordance with the International System of Units (SI).
9. Ensure correct use of the terms sex (when reporting biological factors) and gender (identity, psychosocial or cultural factors), and, unless inappropriate, report the sex or gender of study participants, the sex of animals or cells, and describe the methods used to determine sex or gender. If the study was done involving an exclusive population, for example in only one sex, authors should justify why, except in obvious cases (e.g., prostate cancer). Authors should define how they determined race or ethnicity and justify their relevance.
10. The names and locations (city and state or country) of manufacturers of equipment and non-generic drugs should be given.
11. Ensure that all changes, corrections and proofreading have been carried out before submission.

Notification of Acceptance

1. Review of abstracts will take 4 to 6 weeks from the abstract submission deadline.
2. All abstracts will be reviewed by the Scientific Committee. The Committee reserves the right to select the abstracts and assign the sessions and final format of presentation. The decision of the Committee is final.
3. Results will be announced via email by **15th March 2021**.
4. All accepted abstract presenting authors **MUST** complete his/her registration for the congress as a delegate before the **15th April 2021** and present his/her work during the congress.

Disclaimer

The organisers of this event and AOSR take no responsibility for any published abstracts submitted. Any issues or errors arising from the abstracts are solely the responsibility of the authors.

By submitting his/her/their work, the Author(s) consent to the publication of the abstracts in Korean Journal of Radiology (KJR) and transfer and assign to the Congress and AOSR the rights to edit, publish, reproduce, distribute copies and to prepare derivative works such as press releases. Author(s) represent and warrants that he/she/they is/are sole author(s) of the work and that all authors have participated in and agree with the content and conclusions of the work; and that the work is original and does not infringe upon any copyright, proprietary or personal right of any third party. If the work is not original, the Author(s) should reference the original source and ensure all relevant permission and/or authorisation to re-use has been obtained.

If you have any questions, please send us an email to abstract@aoacr2021.com or chat with us on the website.

19th AOCR YOUTH EDUCATION SCHOLARSHIP

The AOCR 2021 Organising Committee offers Education Scholarship for **100 Young Radiologists and Young Researchers.**

FREE CONGRESS REGISTRATION

Successful Youth Education Scholarship recipients will receive free virtual congress registration for 4 days.

ELIGIBILITY

1. Radiologists, Radiology Trainees, Master Trainees, Residents, Researchers.
2. Age less than 40 years old on 31st December 2021.
3. Abstract accepted for Oral or E-Poster Presentation.

Applicants who received other source of funding for the 19th AOCR will not be eligible for this scholarship. If an applicant received an offer from other sources of funding after the application of this scholarship, the applicant must write to the secretariat to withdraw from the scholarship application so that the opportunity can be given to other candidates.

APPLICATION

1. Create account at aocr2021.com
2. Submit your abstract(s) on the Abstract Submission page
3. Fill up the required details and attach the following information on the Education Scholarship page:-
 - a. Updated Curriculum Vitae (CV)
 - b. Photograph
 - c. Letter from Head of Department of your institution confirming your position in the department
 - d. Date of birth
4. Application needs to be completed before 31st January 2021 via the online application. Offline application will not be accepted.

EVALUATION

All applications must be evaluated by a special Review Committee based on abstract review scores and financial needs.

TERMS & CONDITIONS

1. The results of the Youth Education Scholarship will be announced by 15th March 2021.
2. Successful applicants will be required to complete their registration with a designated coupon code that will be given by the Congress Secretariat by 31st March 2021.
3. If the congress does not receive your complete registration by 31st March 2021, the Organising Committee will assume that you are not accepting the scholarship and your opportunity will be given to the next deserving applicant.
4. All scholarship recipients must submit their Oral and/or E-Poster Presentations by 31st May 2021.
5. This Education Scholarship is non-transferable. If the scholarship recipient is unable to submit their Oral and/or E-Poster Presentations by 31st May 2021, they must write to the Secretariat (abstract@aocr2021.com) before 30th April 2021. The scholarship will be revoked and will be given to the next deserving applicant.
6. The Organising Committee have the rights to withdraw the Youth Education Scholarship without advance notice in the event of extenuating circumstances beyond their control.
7. The Review Committee's decision is final, and no correspondence will be made by the reviewer in relation to their decision.

Registration Fees

As the congress is going Hybrid, we have registration fees for both onsite delegates and online delegates.

Access	Onsite Ticket Per Day	Online Only Ticket All 4 days
Category	Comes with access to virtual congress	Access to virtual congress
Malaysian COR Member	RM 500	RM 400
Malaysian Non-COR Member	RM 1200	RM 800
Malaysian Candidate Member	RM 400	RM 300
Malaysian Nurse / Radiographer / Allied Health Professionals	RM 400	RM 300
Malaysian Medical Physicists	RM 500	RM 400
Malaysian Abstract Submitter		RM 300
International Dr / Physician	USD 300	USD 220
International Trainee	USD 200	USD 185
International Medical Physicists	USD 250	USD 200
International Nurse / Radiographer / Allied Health Professionals / Medical Physicists	USD 200	USD 185
International Abstract Submitter		USD 150

- Onsite ticket is on per day basis and covers full access to all scientific programme and onsite exhibition booths on the selected days of congress. Onsite ticket is inclusive of access to the virtual congress – scientific programme, virtual exhibition booths and on-demand sessions.
- Online ticket covers full access to all scientific programme, exhibition booths and on-demand sessions on all 4 days of the congress.
- For more information and enquiries, contact secretariat at secretariat@aacr2021.com.

We Welcome :-

1. Radiologists
2. Radiology Trainees
3. Interventional Radiologists
4. Residents / Master Trainees
5. Medical Physicists
6. Medical Physicist Trainees
7. Researchers
8. Radiographers
9. Nurses
10. Technicians
11. Other Allied Health Professionals
