

World Imaging Congress 23 and 25 February 2023 Virtual event

A promotional banner for the BIR World Imaging Congress. The background is dark teal with diagonal light teal stripes. On the left, the text "BIR World Imaging Congress" is in large orange font, followed by "24-25 February 2023" in white. Below this is an orange arrow pointing right with the text "Save the date!". In the center, a circular inset shows a group of five diverse healthcare professionals (three women and two men) in medical scrubs, smiling. To the right of the circle is an orange circle with the text "Virtual event!". At the bottom left is the BIR logo with the text "The British Institute of Radiology" and "1897 125 Years 2022". At the bottom right is an orange arrow pointing left with the text "FREE for BIR members!".

BIR World Imaging Congress
24-25 February 2023
Save the date!
Virtual event!
FREE for BIR members!
BIR The British Institute of Radiology 1897 125 Years 2022

With the current world economic climate in mind, the theme is “Doing more with less” – a theme which will resonate everywhere, as we all try to deliver the very best service to patients with limited resources. This event is for all the professions in imaging and radiation oncology and our vision is to create greater accessibility to first-class education for the whole multi-disciplinary community, especially those with limited budgets.

This event is FREE for BIR members and members of World Partner Network societies are invited to join the BIR at the greatly reduced rate of £20. Please

note, if you are not already a member, you will need to join the BIR first, before registering for the event.

[Please join here](#) and use this code **BIRWIC23** at the checkout.
