

RANZCR ASM 2025 — Special Complimentary Offer

(As of 2025.5.12)

On behalf of The Royal Australian and New Zealand College of Radiologists (RANZCR), I am delighted to extend an invitation to members of your Society to attend our Annual Scientific Meeting, taking place from 23-25 October 2025 at the Melbourne Convention and Exhibition Centre in Melbourne, Australia. This year is particularly special as we celebrate the 90th anniversary of our College and our 75th Annual Scientific Meeting.

In celebration of this milestone event for RANZCR and in recognition of our developing relationship with AOSR societies, we are pleased to offer a 20% discount on registration fees to all Japan Radiological Society/AOSR Members.

Details

The College values its relationships with key international radiology and radiation oncology organisations, and your presence as well as that of your members would significantly contribute to the exchange of knowledge and the fostering of warm, effective collaboration.

I also look forward to the participation Japan Radiological Society members in our key social events, which include:

- the Annual Ceremony and Dean's Reception on Friday 24 October
- and the Gala Dinner on Saturday 25 October

However, please note that we are unable to cover travel, accommodation, and other expenses. Registration details for the meeting and the social functions are accessible on the meeting's website at www.ranzcrasm.com. We have prepared a one-page advisory detailing the meeting, its offerings, and the 20% discount for your members. This document is attached. Please note that I have also written to the current AOSR President Chamaree Chuapetcharasopon to make this offering to AOSR as a whole.

I hope that you and your members will be able to join us in Melbourne this October.

How to Register

1. Please visit the RANZCR ASM website at www.ranzcrasm.com
2. Complete the registration process.
3. Apply the discount code **RANZCR2025AOSR** to redeem the 20% discount on registration fees.
4. Please note the discount does not apply to RANZCR Members.
