

SINGAPORE EMERGENCY RADIOLOGY SEMINAR 2022

Singapore Emergency Radiology Seminar is designed to help radiologists, emergency physicians and family physicians keep up-to-date and maintain optimal competence in the utilization of the most reliable imaging modalities and best-practice strategies. This seminar aims to bring together emergency radiologists and emergency physicians on a common platform to provide a holistic approach to dealing with common problems. Our ER community brings to you a compact package of clinically relevant topics covering multiple organ areas, continued update, interesting refreshers in emergency radiology and newer horizons in interventional radiology through our network of leaders in education, both internationally and locally.

WELCOME SPEECH

DEAR FRIENDS AND COLLEAGUES,

It gives me immense pleasure to invite you to the 2nd Edition of the Singapore Emergency Radiology Seminar, being held on 14th and 15th January 2022.

Due to the evolving COVID-19 situation worldwide and lot of uncertainty surrounding it, we realize that it poses varying challenges for our participants and speakers to come together in Singapore. Hence this year we have decided to make the seminar available to you as a completely online event. We hope that you will be able to access this course from wherever you are now and will join us in person when we can all meet again. Our nascent ER community remains committed to bring you continued updates and interesting refreshers in emergency radiology through our network of leaders in education.

This year we bring to you interesting talks by both local and overseas speakers, most of whom are young vibrant emergency radiologists and committed to the dream. We also have some interesting talks by our radiographer colleagues on important aspects of imaging in the ER. I am grateful to each and every one of them for coming together to present at this seminar despite their other commitments.

We are thankful to the College of Radiologists, Singapore; Singapore Radiological Society; and our commercial sponsors for continuing to support this event.

We hope you enjoy attending this seminar as much as we have enjoyed planning it and bringing it to you. We wish you an exciting and an inspiring educational experience!
